

# MarketPlace for Vendors

## Sell Your Product or Services Directly to Your Federal Contracting Customer

### Why should you sell your product or services through the TeamingPro MarketPlace?

#### We Have Your Customers

We're the social connections platform for companies both in, and coming into the federal market. We have registered companies using the platform on a semi-daily basis and are growing our user base daily.

#### Expand your Customer Options

You will have the opportunity to get to your ideal customer in multiple ways and you can do this in less time and cost. Post in the MarketPlace, express interest in opportunities as a vendor that other companies will see, connect with your customers, and grow relationships faster and at scale.

#### Save You Money

Reaching your audience online will save countless hours of manual networking as well as reduce your need to spend on as many conventions, all while yielding far greater results, faster!

## PRICING

[teamingpro.com/pricing-plans.aspx](https://teamingpro.com/pricing-plans.aspx)

- **MarketPlace** is where vendors selling into the federal market can get their product or services directly in front of their federal contracting customer.
- **MarketPlace Categories** are broken up into 30 main categories: Insurance, Accounting, Proposal Writing... and each has a series of subcategories for you to post into for more specific and interested traffic.
- **MarketPlace Posts** are represented by your company name and logo and can have text, video, image, links, and files and can be whatever content you want to get directly in front of your ideal customer.
- **MarketPlace Interest** is captured when a company clicks into your post and then clicks the "I'm Interested" button which will trigger an alert to you about a new hot lead.
- **Community Interaction** will play a large part in marketing your brand to other companies in the federal market in a much faster way.

#### Unlimited Posts

Create unlimited posts within various categories in the TeamingPro marketplace. Get directly in front of your federal contracting customer with your message or pitch and sell more.

#### Company Interest

Each post comes with an embedded "I'm Interested" button that the company representative can click. You'll be alerted of a hot lead as per your communication preferences for each lead that comes in.

#### Community Interaction

Your access will provide the ability to search, connect, express interest in opportunities, share opportunities and contracts and more. Connecting and interacting with a wider audience in less time, less effort and for less cost, means you can sell more, for less.

#### Company Page

Send companies to your TeamingPro company page. Your company page will showcase your company posts and give your sector of the federal market a quick way to view, connect and become a customer.
